 – do not put important text or logos in this area

Preferred File Types

PDF files: Make sure PDFs are saved at High Resolution with Fonts Embedded.

Quark XPress: Please Collect for Output and include all high resolution images and fonts.

Adobe Illustrator: Save as EPS files with text converted to outlines and with high resolution pictures embedded or supplied separately.

Adobe PhotoShop: Save files at 300dpi and at 25% of the finished size. Supply as CMYK TIF, JPG, PDF or EPS format.

Adobe InDesign: Please save as CS2 compatible and include all high resolution images and fonts.

PC Files: Where possible, please save as High Resolution PDF files. Please phone or email us to check if we are able to use other formats.

The above formats are only a guide. Please phone or email if you have any questions or other file types.

Artwork should ideally be Half or Quarter of the Finished Size. All Tiffs, Jpegs and other images should be supplied at 300dpi.
